CIRCULAR LETTER TO ALL MEMBER COMPANIES

Re: Transportation Network Companies

By Circular Letter To All Member Companies A-16-2 dated April 4, 2016, the Rate Bureau announced the availability of an ISO endorsement and rating rule for certain Limited Transportation Network Driver Coverage.

The link we had previously sent to member companies to access the ISO Endorsement and Manual rule was not working. Please use the revised link below to access this information. You will be directed to the Member Services Portal to login to our secure website and access the Personal Lines/Personal Auto Policy Forms section to view the link named "ISO TNC Form and Rule Filing".
