CIRCULAR LETTER TO ALL MEMBER COMPANIES

Re: NCRB Website Upgrade  
Incorrect Links in Past E-Mail Circular Notifications

Recently a significant upgrade was made to the NCRB website. As a result of this upgrade, many of the links in the member company e-mail notifications sent prior to January 7, 2012, are now incorrect.

External users should access past circulars directly from the NCRB website at [www.ncrb.org](http://www.ncrb.org). This should only affect the links in member company e-mail notifications that were sent prior to January 7, 2012.

We are sorry for any inconvenience this may cause. We hope you will take time to visit our website and hopefully you will find that this upgrade has made significant improvements to our site.

Sincerely,

Sue Taylor

Director of Insurance Operations
