CIRCULAR LETTER TO ALL MEMBER COMPANIES

**Re: Workers Compensation Insurance
Item B-1307 - Swimming Pool Construction/Maintenance Operations**

The Bureau has adopted and the North Carolina Department of Insurance has approved a proposal to amend the classification phraseology for Code 5223 to permit a division of payroll between Codes 5223 and 9014 when the work is done by separate crews with no interchange of labor and separate payroll records are maintained.

The following classification phraseology has been approved:

SWIMMING POOL CONSTRUCTION - not iron or steel - & Drivers 5223

Code 5213 concrete construction NOC shall not be assigned at the same job or location to which Code 5223 applies.

Excavation to be separately rated as 6217 excavation NOC. Construction of iron or steel pools to be separately rated as 5069 iron or steel erection. Maintenance work to be separately rated as 9014 buildings - operation provided the operations described by Codes 5223 and 9014 are conducted by separate crews with no interchange of labor and separate payroll records are maintained.

The change in the classification phraseology has been approved for use in North Carolina effective May 1, 1994, applicable to new and renewal business.

Very truly yours,

Jerry G. Hamrick

Workers Compensation Manager
